MEMORANDUM FOR THE DIRECTOR

1. This memorandum is for information only.
2. Dr. Nystrom advises that your address will not be broadcast or televised but will probably be taped for use later by the various chambers of commerce throughout the United States.
3. If at all possible they would like to have your address not later than Friday, 25 April, so that they can prepare a "package" which will consist of a cover containing your picture followed by your address, all on slick paper with a copy to be furnished to everyone present and later to be sent to the various member chambers of commerce throughout the United States. If, however, you are unable to furnish your address by the 25th, then they request that we furnish them on the 28th with 200 copies of your talk for their immediate use and they then will go ahead and prepare the "package" on slick paper. I plan, of course, to make our usual Press distribution on the morning of the 28th.
